LEADERSHIP GRATITUDE & VISION FOR THE FUTURE

Driven by Support.
Inspired by Vision.

Sh. Gurvinder Singh Bahra

Behind every strong institution is a leadership that not only guides but empowers.

The International Student Division extends its heartfelt gratitude to our Hon'ble Chairman and Vice Chairman for their unwavering support and timely guidance throughout this quarter. Their commitment to excellence ensures that every initiative, requirement, and student need is addressed with efficiency and care.

Dedicated International Hostel with personalized food "Coming Soon"

From launching key programs to strengthening global outreach, their continuous encouragement has been instrumental in shaping ISD into a dynamic and student-centric platform.

What truly sets this vision apart is the focus on the future. With plans already underway for the upcoming session, including the development of **a dedicated International Hostel with personalized food facilities catering to diverse student preferences,**

Bahra University is taking yet another significant step toward enhancing the international student experience. This reflects a deeper understanding that global education is not just about academics, but about comfort, belonging, and cultural inclusivity.

Sh. Gurinder Singh Bahra

“Great institutions are built on vision, but they grow through consistent support and timely action.”

MESSAGE FROM INTERNATIONAL STUDENT DIVISION

This quarter = foundation.

Next quarter = student-first expansion.

The first quarter of 2026 marks a defining milestone in the journey of Bahra University as we officially launched the International Student Division (ISD).

In just three months, we have built a strong foundation focused on global engagement, student support, and future-ready opportunities.

Our vision is clear to make Bahra University a preferred destination for students across the globe by offering not just education, but a complete international experience. To every international student **you are not just part of ISD, you are the reason ISD exists.**

I would also like to extend my sincere appreciation to our Hon'ble Vice Chancellor, Registrar, Deans and Heads of Departments for their consistent support in resolving student concerns. Their proactive approach and coordination have significantly contributed to ensuring a smooth and positive experience for our international students.

A Special Note of Appreciation

A heartfelt thank you to Ms. Deepika, ISD Manager, for her exceptional dedication, coordination, and day-to-day leadership. Her commitment to ensuring smooth operations, student support, and flawless execution has played a crucial role in shaping the success of ISD this quarter.

As this was our first quarter, the focus remained on building strong foundations and launching key initiatives. Moving ahead, our approach will become even more student-centric – with greater emphasis on student feedback, stronger engagement, and amplifying student voices across platforms. The journey has just begun, and the next phase will be driven by you our students.

Let's grow globally, together.
